Q13 We’d like to get your feelings toward some people and groups who are in the news these days using something we call the feeling thermometer. Here’s how it works. Ratings between **50 degrees and 100 degrees** mean that you feel **favorable and warm** towards the person or group. Ratings between **0 degrees and 50 degrees** mean that you feel **unfavorable and cold** towards the person or group. You would rate the person **at the 50 degree mark** if you don’t feel particularly warm or cold toward the person or group. If you have **never heard of the person or group**, just check “**Haven’t heard of this person or group.**”

**Start of Block: Immigration**

Q14 We now have some questions about immigration and asylum.

We are interested in your views about **unauthorized immigrants**, immigrants who are in the United States illegally. They are sometimes referred to as **illegal immigrants** and other times as **undocumented immigrants**. We use these words to mean the same thing in this section.

We are also interested in your views about **asylum seekers**. Asylum seekers are individuals who flee their country of origin due to persecution or a well-founded fear of being persecuted based on their race/ethnicity, nationality, religion, political affiliation, or particular social group.
Q15 Elected officials have been discussing several proposals related to illegal immigrants living in the U.S. and people seeking asylum. Do you agree or disagree with the below?
