**End of Block: Outcome_Policy**

**Start of Block: MCD_Work**

intro_work One recent development in Medicaid is the implementation of community engagement requirements (often referred to as work requirements) as a condition of eligibility. According to a memo by the Department of Health and Human Services, these work requirements are “designed to help individuals and families rise out of poverty and attain independence, also in furtherance of Medicaid program.”

---

work_imp How much would you say you support implementing work requirements as a part of Medicaid eligibility?
